American Railroad Journal.

New York, Saturday, April 12, 1879.

Iron in New Zealand.

In our advertising columns will be found a remarkable invitation addressed to the Iron Masters of Europe and America by the government of New Zealand. The two great Islands which form that rapidly prospering colony are remarkably rich in Iron and Coal of excellent quality. The Government has within a few years constructed over a 1,000 miles of railroad, all the materials for which, except the sleepers, have been carried out at a heavy charge in the way of freight, &c., from England. Yet the Public Works Department of the Colony is even still, with so many lines laid down and working with a dividend, only perhaps at the outset of its labors. The present Minister of Public Works, the Honorable James MacAndrew, has determined to make a bold experiment to naturalize the iron industry in the Colony, and has in the terms of the notice which we publish to day, called for tenders for 100,000 tons of steel rails (or any portion thereof) to be manufactured in the Colony from New Zealand ores. A pamphlet containing the fullest information on the subject, illustrated by maps and plans has been published by order of the Government, and may be had from the Agent-General of the Colony, Sir Julius Vogel, K. C. M. G., at 7, Westminster Chambers, by Iron Masters and others desirous of obtaining authentic information on the subject.

Panama Railroad.

At the annual meeting of the Panama Railroad Company, held in this city on the 7th inst., the following board of directors was elected: John R. Marshall, T. W. Park, Charles G. Francklyn, Joseph Ogden, Samuel C. Thompson, H. H. Baxter, George A. Hoyt, J. G. McCullough, Charles D. Leverich, John M. Burke, Thomas Maddock, Christopher Meyer and George Garr. The annual report was presented, showing that the gross earnings for 1878, from all sources, including lighterage, wharfage and rental of property, amounted to $2,114,859 34, and the gross expenses of every description were $545,344 26, to which is added a subsidy paid to the Colombian government of $250,000, and interest on bonds, $239,889 02, making a total of $1,035,233 28, leaving a net balance of profit amounting to $1,079,826 06, against $1,071,683 37 net profit in 1877, an increase of $7,942 69. Included in the gross expenses were $58,886 88, cost of 100 new box cars, and $20,395 78, additional cost of steel rails.

The number of tons of freight transported in 1878 amounted to 152,477 27-40 tons, against 146 942 36 40 in 1877, and the number of passengers carried in 1878 amounted to 24 921, against 22,110 in 1877. The shipments of coffee over the road were 41,570 bags less than in 1877, and the shipments of cocoa (owing to the failure of the crop) fell off 55,543 bags. The quantity of bark transported shows an increase of 77,659 bags, and cotton an increase of 8,801 bales. The road carried last year 134,596 bags of Jaquas, or ivory nuts, being equal to over 11,000 tons' weight. The increase in the shipments of merchandise and manufactures from New York to the South Pacific during the past year over 1877 was 4,804 18-40 tons, equal to 80 per cent, while the shipments from Europe to the South Pacific show an increase of 2,527 tons. The shipments from Europe and the United States to Central America show a falling off as compared with 1877 of 2,527 tons.

The road-bed and equipment are said to be in exceptionally good condition. By next year nearly the entire road will be relaid with steel rails. The passenger cars only are not up to the requirements of the age, and the purchase of at least six first-class coaches of modern style and construction, to be used for first-class passengers only, is recommended, in which event the present cars will be reserved for second class and emigrant purposes.

According to the treasurer's statement, the assets on December 31, 1878, were $1,195,346 38 and the liabilities $4,570 44. Besides the above, the company hold steamship property transferred to it February 1, 1873, by the Pacific Mail Steamship Company, for which the company issued £200,000 of its sterling bonds amounting to about $1,000,000. The bonded indebtedness of the company consists of 3,989 seven per cent sterling bonds of £200 each, equal to about $3,877,308.

The sinking fund against the company's bonded debt amounts to $724,081 92, to which the railroad company has added by way of advance the sum of $7,863 46; its assets are $195,000 Panama Railroad bonds at about 91.41 per cent, 1,500 shares Panama stock at less than 102½, and a loan of $400,000 on six of the Pacific Mail Company's steamers.

The superintendent's report says that for the first two months of the present year the coffee traffic shows an increase of 40,000 bags over last year, cocoa an increase of 11,000 bags, cotton an increase of 4,500 bales and ivory nuts an increase of 3,000 bags.

New Haven and Brownsville Railroad.

About two years since the Baltimore and Ohio Railroad Company purchased the Hempfield Railroad with a view to making a shorter route to the West by way of Wheeling. This new line was expected to shorten the distance between Cumberland and Wheeling about 50 miles. Since the purchase there has been little or no work done on the road, it requiring the construction of about 45 miles to make the connection. Re-

cently the company has purchased the New Haven and Brownsville Railroad, which is already graded from New Haven to Washington, leaving but 20 miles to grade, through a better region than the old route. This route will increase the distance from Connellsville to Wheeling about five miles as compared with the previous intended route. Already the railroad company have surveyed the route necessary to make the connection with the graded portion of the road, and we learn from the Pittsburg Telegraph that it is the purpose of the new company to begin the work immediately that the road may be completed this summer.

Pittsburg, Cincinnati and St. Louis Railway Company.

To the Stockholders of the Pittsburgh, Cincinnati and St Louis Railway Co.:

Your directors submit herewith their report of the results of the operation of your road during the past year, and also of the several lines in which you are directly interested; together with a statement of the physical condition of these properties, and the financial status of your company December 31st, 1878:

PITTSBURGH, CINCINNATI AND ST. LOUIS RAILWAY.

Earnings:	1878.	1877.
Freights	$2,270,835 88	$2,191,781 88
Passengers	701,607 22	704,692 88
Express	54,678 28	63,044 61
Mails	130,670 32	126,779 75
Rent of railway	11,424 99	8,266 80
Other rents	3,749 54	3,951 13
Miscellaneous	3,404 34	4,535 41
Totals	$3,176,370 57	$3,097,962 46
Expenses:		
Conducting transp.	$834,375 58	$802,401 00
Motive power	469,122 80	526,935 93
Maintenance of way	398,225 92	427,420 54
Maintenance of cars	200,884 18	180,644 63
General expenses	86,998 56	85,511 15
Totals	$1,989,607 04	$2,022,913 25

The expenses were 62.64 per cent of the gross earnings.

The net earnings for 1878 were		$1,186,763 53
Add received from hire of equipment	$21,768 97	
Received from interest on investments	3,085 34	
		24,854 31
Total net revenue for 1878		$1,211,617 84
Total net revenue for 1877		1,085,280 01
Increase		$126,337 83
From the above net revenue for 1878		$1,211,617 84

Deduct payments as follows:

Interest on first mortgage consolidated bonds	$435,540 00	
Steubenville and Indiana Railroad Company first mortgage bonds	180,000 00	
Columbus and Newark division bonds	54,250 00	
Interest on securities received under Little Miami lease, which has been credited to income account of that road	79,444 00	
Interest charged to car trust, series "D"	53,500 00	
Rent of Monongahela extension	37,500 00	
		840,234 00
Profit for 1878		$371,383 84
Profit for 1877		302,141 96
Increase		$69,241 88

To the above profit for 1878, viz:		$371,383 84
Add net revenue of the other lines operated by your company, the details of which will be stated hereafter, viz:		
Chartiers Railway	$37,136 17	
Pittsburgh, Wheeling and Kentucky Railroad	5,619 22	
Cincinnati and Muskingum Valley Railway	22,310 02	
Little Miami Railroad	384,621 47	
Columbus, Chicago and Indiana Central Railway	411,514 06	
		861,200 94
Total		$1,232,584 78

From which deduct payments, as follows:

Rent of Chartiers Railway	$37,136 17	
Rent of Pittsburgh, Wheeling and Kentucky Railroad	5,619 22	
Interest on bonds of Cincinnati and Muskingum Valley Railway Company	105,000 00	
Interest and dividends Little Miami Railroad Company	$712,543 91	
Interest Cincinnati street Connection bonds (less $201 96 profit in operating)	23,423 04	
Proportion of loss in operating Newport and Cincinnati bridge	11,905 24	
Receivers of Columbus, Chicago and Indiana Central Railway Company (being net earnings of that road)	411,414 06	
One-half of loss in operating St. Louis, Vandalia and Terre Haute Railroad	65,200 35	
		1,372,341 99
Loss on all lines for 1878		$139,757 21
Loss on all lines for 1877		131,784 64
Increase		$7,972 57

The above loss for 1878 was met by advances made by the Pennsylvania Company.

It is probable that but for the serious interruption to traffic caused by the freshet of last September, and the damage resulting therefrom, and from the disastrous collision between two of your trains in August, the net earnings of your lines would have met all the liabilities for the year. The extraordinary expenditure due to these causes has thus far amounted to $81,770 76.

There were carried over this road during the year 2,142,155 tons, as against 1,722,386 tons in 1877, there being a large increase in both through and local freight; but in consequence of lower rates, and a slightly reduced average haul, there was but a small increase in freight earnings. The revenue per ton per mile was 7.9 mills, as against 9 3 mills in 1877, a reduction of over 15 per cent.

There were carried during the year 747,455 passengers, as against 680,082 in 1877, the increase being mainly in the local travel; but in consequence of a lower rate and decreased mileage, there was a slight reduction in passenger earnings.

The equipment is in excellent condition; the average train load having increased from 128.05 tons in 1877 to 148.12 tons in 1878, or about 15 per cent; and the average number of cars per train from 20.97 in 1877 to 22.21 in 1878, or nearly 6 per cent.

Eight passenger coaches, 12 freight, and 10 caboose cars have been rebuilt during the year. The 1,000 trust cars placed upon your road during 1877 continued to yield good results, the item of hire of cars showing a saving of $40,062 85.

The railway and tracks were also much improved. Your entire main line between Pittsburgh and Columbus is now laid with 60-pound steel rail, with improved frogs and switches.

During the year there were put in the track 3,380 tons of steel, and 122,299 cross ties; 12 miles were ballasted with stone and furnace cinder, and 5 miles with gravel.

Three bridges were renewed in iron; one, destroyed by the September freshet, replaced by Howe truss, and extensive repairs made to others.

As a result of the excellent condition of your property, and the larger volume of traffic moved, there is a marked reduction in the cost per ton per mile, which is but 5.03 mills, as against 6.43 mills in 1877.

CHARTIERS RAILWAY.

Earnings:	1878.	1877.
Freights	$33,189 37	$30 681 53
Passengers	46,361 16	41,793 19
Express	3,130 00	3,130 00
Mails	1,622 85	1,474 42
Miscellaneous	184 00	88 00
Totals	$84,487 38	$77,167 14
Expenses:		
Conducting transp.	$11,422 07	$9,509 83
Motive power	9.972 95	9,909 53
Maintenance of way	18,840 14	9,518 63
Maintenance of cars	160 53	.....
General expenses	1,503 66	1,127 61
Totals	$41,899 35	$30,065 60

The expenses were 49.59 per cent of the gross earnings.

	1878.	1877.
Net earnings	$42,588 03	$47,101 54
Less hire of equipment	5,451 86	4,694 89
Net amount paid Chartiers Railway Co.	$37,136 17	$42,406 65

The freight and passenger earnings of this road both show an increase. The tonnage increased largely, having been 110,250 tons in 1878, against 89,714 tons in 1877, the increase being mainly in coal, which was carried, however, at low rates.

The passenger travel shows a satisfactory increase, the number of passengers carried in 1878 having been 126,718, against 113,879 in 1877. The increased expenditures were due to the rebuilding of bridges and the improvements of road bed and track, and will probably have to be continued for the next few years.

PITTSBURGH, WHEELING AND KENTUCKY RAILROAD.

Earnings:	
Freight	$24,816 71
Passenger	23,082 30
Mails	1,388 04
Miscellaneous	78 00
Total	$49,315 05
Expenses:	
Conducting transportation	$13,220 94
Motive power	7,777 86
Maintenance of way	17,298 38
Maintenance of cars	29 18
General expenses	684 59
Total	$39,010 95

The expenses were 79.11 per cent of the gross earnings.

Net earnings	$10,304 10
Less hire of equipment	4,684 88
Net amount due Pittsburgh, Wheeling and Kentucky Railroad	$5,619 22

This road was transferred under lease to your company February 25th, 1878, and the results shown are those from that date to December 31st, 1878. They have quite met the expectations of your directors, and the road will doubtless prove

a valuable auxiliary to your main line. No obligation is incurred by your company in connection with the lease. The expenses were increased by the incomplete condition of the road when it was delivered to your company.

CINCINNATI AND MUSKINGUM VALLEY RAILWAY.

Earnings:	1878.	1877.
Freights	$228,706 44	$251,556 99
Passengers	95,693 48	100,535 15
Express	5,000 00	5,000 00
Mails	8,259 21	8,470 97
Rents	758 24	635 80
Miscellaneous	1,979 85	574 95
Totals	$340,396 72	$366,773 86
Expenses:		
Conducting transp.	$71,704 59	$76,451 08
Motive power	75,912 20	97,475 68
Maintenance of way	121,422 61	121,635 94
Maintenance of cars	30,785 46	26,860 93
General expenses	18,261 84	18,464 28
Totals	$318,086 70	$340,887 91

The expenses were 93.45 per cent of the gross earnings.

Net earnings for 1878 were	$22,310 02
Net earnings for 1877 were	25,885 95
Decrease	$3,575 93
Interest on Cincinnati and Muskingum Valley Railway Company's bonds, to meet which the Pittsburgh, Cincinnati and St. Louis Railway Company advances any deficiency in net earnings	$105,000 00
Deducting the net earnings for 1878 therefrom	22,310 02
Leaves as a loss to your company	$82,689 98
The loss for 1877 was	79,114 05
Increase	$3,575 93

The tonnage of this road shows an increase of 9,325 tons, having been 255,928 tons, against 246,603 tons in 1877; but, in consequence of a diminished haul and a reduction in the average rate, the freight earnings show a decrease of $22,850 55.

The passenger traffic shows a decrease in volume and earnings.

The track and structures are in good order, and the road-bed has been improved by 12½ miles of gravel ballast. The motive power and equipment are also in fair condition.

LITTLE MIAMI RAILROAD.

Earnings:	1878.	1877.
Freight	$639,599 69	$671,649 57
Passenger	436,260 95	473,866 58
Express	45,912 22	47,372 04
Mails	49 013 65	47,069 00
Rents	27,634 31	25,703 37
Miscellaneous	25,270 46	30,419 38
Totals	$1,223,691 28	$1,296,079 94
Expenses:		
Conducting transp.	$300,193 05	$297,529 61
Motive power	210,270 98	223,148 84
Maintenance of way	266,359 75	264,447 35
Maintenance of cars	69,165 32	78,195 00
General expenses	102,524 71	110,422 43
Totals	$948,513 81	$973,743 22

The expenses were 77.51 per cent of the gross earnings.

Net earnings for 1878		$275,177 47
Add amount due this road on division of earnings with Columbus, Chicago and Indiana Central Railway		30,000 00
Add for dividends and interest on securities transferred with lease		79,444 00
Total net revenue for 1878		$384,621 47
Against which were charged—		
Twelve months' rent of road	$712,543 91	
Twelve months' interest on Cincinnati Street Connection bonds	23,625 00	
Twelve months' loss in operating Newport and Cincinnati bridge	11,905 24	
	$748,074 15	
Less profit in operating Cincinnati Street Connection Railway	201 96	
		747,872 19
Net loss for 1878		$363,250 72
Net loss for 1877		308,436 69
Increase		$54,814 03

The freight and passenger earnings both show a decrease, and the road an increased loss by reason thereof.

The total tonnage in 1878 was 624,564 tons, as against 584,645 tons in 1877, with a largely increased ton mileage; but the rate received was 12.6 mills, as against 14 6 mills per ton per mile in 1877.

A considerable falling off occurred in passenger travel, the number carried in 1878 having been 850,950, as against 925,564 in 1877.

The motive power and car equipment of the road are in good condition, considerable improvement having been made therein during the last year.

The road bed, track, and structures were also materially improved. There were placed in the track during the year 114,735 cross-ties and 3,401 tons of 60-lb. steel rails, with new steel frogs and switches, making a total of 52 miles of steel in the main line between Columbus and Cincinnati. Several bridges were also rebuilt and otherwise improved. With a continuance of this policy the expense of operating this road will be diminished in the future, and better net results may be expected therefrom.

COLUMBUS, CHICAGO AND INDIANA CENTRAL RAILWAY.

Earnings:	1878.	1877.
Freight	$2,379,660 74	$2,293,410 68
Passengers	799,645 42	805,180 25
Express	62,446 08	64,693 95
Mails	106,672 71	102,854 27
Rent of railway	69,102 68	55,524 40
Other rents	5,526 27	4,774 90
Miscellaneous	10,611 50	70,317 13
Totals	$3,433,665 40	$3,395,255 58
Expenses:		
Conducting transp.	$956,726 84	$959.140 76
Motive power	789,891 17	804,363 72
Maintenance of way	772,038 48	695,559 37
Maintenance of cars	261,415 61	248,734 62
General expenses	242,079 24	233,116 88
Totals	$3,022,151 34	$2,940,915 35

The expenses were 88.02 per cent of the gross earnings.

Net earnings for 1878 paid to the receivers of Columbus, Chicago and Indiana Central Railway Company	$411,514 06
Net earnings for 1877 paid to the receivers of Columbus, Chicago and Indiana Central Railway Company	455,340 23
Decrease	$43,826 17

The business of this road was very considerably increased. The tonnage carried was 1,791,981 tons, against 1,541,181 tons in 1877, with a more than commensurate increase in the mileage thereof; but in consequence of the low rates that prevailed during the year on east bound through traffic, the earnings were not increased in like proportion. The average rate obtained in 1878 was but 7.8 mills, a reduction of 13½ per cent as compared with 1877.

There was a slight increase in the number of passengers carried, but a reduction in the rate per mile.

During the year there were placed in the track 4,091 tons of steel rails, 5,825 of iron rails, and 337,967 cross ties. Several of the wooden bridges were rebuilt, and a double track iron bridge constructed over the Illinois and Michigan Canal, near Chicago.

ST. LOUIS, VANDALIA AND TERRE HAUTE RAILROAD.

Earnings:	1878.	1877.
Freight	$669,023 04	$613,101 93
Passengers	318,123 36	369,530 92
Express	34,794 27	33,317 47
Mails	54,888 54	79,351 44
Miscellaneous	9,591 07	10,964 23
Totals	$1,086,420 28	$1,106,265 69
Expenses:		
Conducting transp.	$245,893 58	$201,311 04
Motive power	189,281 40	190,411 56
Maintenance of way	364,783 99	325,084 77
Maintenance of cars	64,961 01	72,855 19
General expenses	25,563 78	22,850 76
Total	$890,483 76	$812,513 32

The expenses were 81.96 per cent of the gross earnings.

The net earnings for 1878 were		$195,936 52
Against which were charged:		
Rental, 30 per cent of gross earnings, less proportion of joint earnings paid Indianapolis and St. Louis Railroad Co.	$325,749 91	
Amount paid Indianapolis and St. Louis Railroad Company proportion of joint earnings	587 30	
		326,337 21
Net loss for 1878		$130,400 69
Net loss for 1877		92,751 74
Increase		$37,648 95

One half of the above loss was borne by your company, the other half being divided between the Terre Haute and Indianapolis Railroad Company and the Columbus, Chicago and Indiana Central Railway Company.

The total tonnage in 1878 was 701,502 tons, against 599,522 tons in 1877. The average rate obtained on the traffic in 1878 was 10.51 mills, against 13.04 mills in 1877.

The total number of passengers carried was 201,176 in 1878, against 216,502 in 1877, a decrease of 15,326, of which 11,579 was in the competitive travel.

Under the arrangement referred to in the last annual report, by which the holders of the consolidated mortgage bonds of your company were given the option of exchanging them for registered bonds secured by the same mortgage, there had been so exchanged to December 31st, 1878, $1,900,000 of those securities. A like privilege was granted to the holders of the so called Columbus and Newark Division bonds, and up to the present time $297,000 of these bonds have also been exchanged for the consolidated mortgage bonds.

By order of the Board of Directors.

WM. THAW, 2d Vice president.

Columbus, Ohio, March 18, 1879.

☞ At a meeting of the stockholders of the Second Avenue Railroad Company, held on the 7th inst., the following directors were elected: Samuel Willets, David Jones, Adolphus Hamilton, Waldo Hutchins, William S. Thorne, Joseph Richardson, Thomas J. McCahill, James Everard, Peter Schneider, James D. Fish, Albert Crane, George Bell, Robert Willets.

RAILROAD SHARE LIST, including Mileage, Rolling Stock, Debts, Income, Dividends, &c., &c.

An asterisk (*) occurring in the column headed "Rolling Stock" signifies that the cost thereof is included, in that headed "Railroad." A *dash* (—) across the column signifies "nil," and running *dots* (.....) signify "not ascertained." Land Grant Railroads are printed in "*Italics*." State-aid Railroads are distinguished by a "¶."

New York Canals.

The Superintendent of Public Works has issued a detailed statement of expenditures on the canals in 1878 under his management, as compared with the expenditures of 1877 under the management of the Canal Commissioners, showing the following results: Extraordinary repairs, $2 317, against $77,182 25; general expenditures, $10,470 49; salaries and travels, $16,632 04, against $9,933 31; eastern division, $176,436 15, against $424,-978 36; middle division, $140,318 17, against $167,040 72; western division, $121,894 16, against $213,962 87; total, $368,068 01, against $893,097 51. Reduction in 1878, $425,029 50. Days of navigation in 1878, 237; in 1877, 214. Tolls received in 1878, $993,348; in 1877, $880,896. Increase in 1878, $112,452. In a foot-note Mr. Clark says that the material and supplies on hand are now much larger in amount and better in quality than those found on hand when he took office in February, 1878.

Statement of the Public Debt of the United States, April 1, 1879.

Interest paid by United States, $41,773,745 22; interest repaid by transportation of mails, &c., $10,705,052 80; balance of interest paid by United States, $31,068,692 42.

The foregoing is a correct statement of the public debt, as appears from the books and Treasurer's returns in the Department at the close of business, March 31, 1879.

JOHN SHERMAN,
Secretary of the Treasury.

☞ The estimated earnings of the Atchison, Topeka and Santa Fe Railroad Company for the month of March, 1879, were $532,000; actual earnings for corresponding month in 1878, $295,-366. Actual land sales for the month of March, 1879, $77,000; actual land sales for corresponding month in 1878, $125,956. 786 miles were operated in 1878, against 883 miles in 1879. Earnings for three months in 1879, $1,230,974; 1878, $654,850—increase, $576,124. Land sales in 1879, $164,100; 1878, $232,423—decrease, $68,-323.

☞ The earnings of the Central Pacific Railroad for the month of March, 1879, were $1,289,-000, against $1,228,592 for the month of March, 1878; for the first three months of 1879 the earnings were $3,380,517, against $3,320,109 for the first three months of 1878.

☞ The report of Mr. John King, jr., receiver of the Ohio and Mississippi Railroad Company, for February last, shows receipts amounting to $403,710, and expenditures $316,169. The cash on hand 1st of March amounted to $172,548 against $85,007 1st February.

American Railroad Journal.

Saturday, April 12, 1879.

Financial and Commercial Affairs.

Of the events of the week, that which has been deemed the most important, in all its phases, has been the remarkably extensive and successful negotiation of the new Four per cent refunding loan of the Government, by which, on 4th inst., bonds of the new issue to the amount of $59,500,000 were placed, thus making provision for the absorption of the then unfunded remnant of the Five twenties of 1867, and the outstanding $37,436,600 of the Five twenty consols of 1868. Of the subscriptions named one was of the extraordinary magnitude of $40,000,000 by the National Bank of Commerce of this city, on behalf of the corporation itself, and bankers and capitalists represented by it. A subscription for $50,000,000 4 per cents was made somewhat later in the day by the Continental National and the Hanover National banks on behalf of a syndicate of bankers, but went without acceptance, as it was determined that no further subscriptions would be received for the 4 per cent bonds until further notice, except for the $10 certificates of deposit, fundable into the Four per cent loan, in sums of $50, or its multiples. The Secretary of the Treasury on the 4th and 5th inst. issued calls for the balance of the 5-20s of 1867, and for the whole of the 5-20s of 1868, thus closing the whole of the series of 5-20 bonds. The two calls amounted to the sum of $59,565,700. The aggregate of all the calls since January 1, amount to $349,565,700, by which an annual saving of interest of $6,991,814 has been secured to the National Treasury. Secretary Sherman has intimated that his next offer of the 4 per cents will be with a view to refunding

the 10-40 five per cent bonds of 1864, on which, however, he means to advance the rates and reduce the commissions, adding that when he shall have funded the 10-40s, his power, so far as the 4 per cents go, will have come to an end, according to the terms of the act of Congress authorizing their issue. The immediate effect of this negotiation has been to quicken the dealings in Government Securities, and other Bonds and Stocks, stimulating speculative as well as investment purchases, and strengthening values. Its influence on the Money market has been on the whole favorable to the borrowing interests, whose wants have been quite readily met at somewhat easier figures, on a freer offering of capital. Cable advices have been of continued ease in Money, and more or less of depression in general business. Lenders find difficulty in the London market in providing safe and reasonably profitable employment for their accumulations of capital. The London Times of Tuesday of the present week, remarked that "Consols touched 98 on Monday for the first time since 1858. Prices of all first-class securities are so high that capitalists are at their wit's end to know what to do with their money. The London discount houses are obliged to refuse large deposits offered from the Provinces on account of the impossibility of using them profitably. Three months' bank bills are quoted at 1½@1⅝ per cent discount."

Our City Bank exhibit of last week indicated a further reduction in the loan and discount average of $4,621,900, and an increase in the item of circulation of $128,400. The average of deposits was diminished $5,823,900. The legal tender reserve was cut down $2,453,100 (or to $31,815,800); and the specie average was $81,800. The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $1,900,675, against $2,979,300 the preceding week, or a loss of $1,078,925. The City bank exchanges in currency reached $461,180,657, or a daily average of $76,863,443. Call loans have been quoted at from 5@7, generally at 6@7 per cent, on the pledge of Stock or mixed collaterals (in the instance of Government securities, however, ranging as low as 2@3), and best discounts at 5@7 per cent per annum, on a somewhat less urgent inquiry for aid, at these figures.

The outstanding amount of legal tender notes is $346,742,941. The National bank circulation is now $325,754,716 of currency notes and $1,466,920 of national gold bank notes. National Bank notes received at the Treasury Department last week for redemption were to the amount of $1,787,000. The amount of United States bonds deposited with the U. S. Treasurer at Washington for circulation during the week was $1,388,500. And of United States bonds held for circulation withdrawn during the week $986,000. The Treasury Department now holds $350,803,900 in United States bonds to secure the outstanding national bank circulation.

Extraordinarily free dealings have been reported, within the week, in Government bonds, which have been in very brisk demand, chiefly on investment account, and have been ruling stronger in price, leaving off about steady at the quotations. The main business has been in the 4 and 4½ per cents and the Currency Sixes. Subscriptions to the refunding 4 per cent Loan have been of remarkable magnitude, as noted, in our opening paragraph. At the close on Wednesday the current quotations were as follows:

United States 6s, 1881, registered, 106⅛@106¼; do. coupon, 106@106¼; ten-forties, registered 101@101¼; do. coupon, 101@101¼; 5 per cents, 1881, registered, 103¾@104; do. coupon, 104¾@105; 4½ per cents, 1891, registered, 105⅛@105¼; do. coupon, 105⅛@105¼; 4 per cents, 1907, reg., 99¾@99⅞; do. coupon, 99¾@99⅞; sixes, currency, 121¾@122.

A comparatively liberal business has been also reported in State Bonds, and values in the instance of the favorite loans have shown more firmness. Railway Mortgages of the prominent interest bearing issues have been quite active but variable, showing toward the close rather more steadiness. Erie 2nd new consolidated have been again remarkably brisk; reaching here as high as 70, and reacting to 69@69½ on dealings exceeding on Tuesday $800,000 in the aggregate. And in the line of Railway and Miscellaneous share property a fair degree of animation has been noted, opening buoyantly, but subsequently fluctuating considerably. The dealings reached on Thursday an aggregate of about 122,000 shares, and on Saturday of about 202,000, falling again on Monday to 175,000, and on Tuesday of the current week, to 151,000 shares. The later dealings were indicative of a fair share of confidence in the speculative line, as reflected a pretty well supported range.

The Gold movements have been of little interest. The specie outflow last week was only $367,198—making the total exports of specie hence since January 1, 1879, $5,435,122, against $5,047,936, the same time in the preceding year. The imports of specie at this port last week were to the amount of $141,082, and since January 1, 1879, have been $3,052,260 against $5,908,317 same time in the preceding year. The Customs drain for gold in the local market reached $1,708,746 or an average of about $284,791 per day.

Foreign Exchange has been in less urgent request and toward the close quoted weaker in price. Bankers' sixty day bills on London closed at $4 86@$4 86½; sight bill on London at $4 87¾@$4 88½ to the £ sterling. Cable transfers, $4 88@$4 89. The week's imports of Dry Goods and general merchandise were to the specie value of $5,996,793 as against $4,416,804 the corresponding week of 1878. The week's import entries of Foreign Merchandise at New York included $1,819,896 of Dry Goods, and $4,176,895 of General Merchandise. The week's exports of Domestic Produce and Miscellaneous Goods from this port were to the aggregate value of $5,960,298 against $6,496,993 same week in 1878, making the total exports of produce since Jan. 1 this year $84,881,676, against $95,950,518 same period in 1878, and $70,548,570 in 1877.

As the season progresses, dealings in most kinds of Produce and Merchandise increase in volume. The week's movements have been of more liberal proportions but values have shown considerable irregularity. Dry Goods have been more sought after and quoted firmer. Domestic Cottons attracting much more attention. Domestic Produce has been more active, but especially in the way of legitimate dealings, though values have been variable. Breadstuffs have been weakened in price, on a fairly active movement. Provisions have been much more freely purchased at stronger though somewhat unsettled prices. Lard has been unusually brisk, chiefly for export to the Continent. Cotton has been quoted higher for prompt and forward delivery, on an extraordinarily large volume of transactions in the option line (exceeding 800,000 bales in the aggregate) but a slow trade for early delivery. Low Middlings closed for prompt delivery at 10 15-16@11 1-16; Middlings at 11¼@11⅜. Options left off for April basis of Middling at 11.27; May at 11.38; June at 11.55; July at 11.71; August at 11.81; September at 11.62; October at 11.18; November at 10.82; December at 10.74.

Naval Stores have been comparatively quiet at about previous figures. Petroleum has been in better demand, chiefly in the instance of Refined for shipment to Bremen and London, and has been quoted firmer here and at the primary markets.

Metals have been in fair demand, and have shown little change in price. Pig Iron quoted for Glengarnock, at $20 75@$21 50; Coltness, $21 50@$22 50; Eglinton at $19 50@$21 50; No. 1 American Pig at $17@$20, as to brands; No. 2 do. at $16@$18 50. Forge, $15@$15 50, New Iron Rails $34@$38. Wrought Scrap, $21@$25. Steel Rails in demand and quoted on the basis of $42@$45 at the mills and at tide water. Old Iron Rails quoted at $20 50@$21 50. Ingot Copper quiet with Ingot quoted at 15¾@16cts. Tin quoted steady. Domestic Pig Lead quoted at 3⅛@3¼cts. per lb. with sales reported to the extent of 2,000 tons.

Business in most kinds of Foreign merchandise has been to a fair aggregate at, in most instances, essentially unaltered quotations.

At the Auction sale of Lackawanna Coal, on Wednesday, prices were rather lower, on sales of 50,000 tons at 2.02½@2.50, as against 2.17½@2.65 in March, showing a further decline.

More animation has been reported in the line of Ocean freights but rates have continued weak and somewhat irregular on free offerings of accommodation, on berth and charter. Tonnage for Petroleum has attracted more attention thus far in the current week. Very extensive contracts have been made for Provisions, chiefly for Lard, for the Continent. Liverpool steamer rates at the close for Grain quoted at 6d. per bushel. Flour, at 2s. Provisions, 20s.; Butter and Cheese 25s.@27s. 6d.; Leather, 30s. Measurement Goods 17s. 6d.@22s. 6d. per ton; Cotton, 3-16d.@¼d. per lb. Tobacco at 27s. 6d.@30s. Liverpool, by sail: Cotton, 3-16@7-32d. Grain at 5½@5¾d. per bushel; Flour, 1s. 9d.; Measurement Goods, 12s. 6d.@15s. Tobacco 22s. 6d.@25s.; Oil Cake at 15s. Provisions for the Continent by sail, 22s. 6d.@25s. and by steam at 25s.@35s. Grain rates on charter hence for Cork and orders left off at 4s. 9d.@5s.; for the Continent Grain at 4s. 3d.@5s. 6d. as to ports of discharge. Tonnage for Refined Petroleum at 3s. 6d.@4s. to Cork, for orders, at 2s. 9d.@3s. 3d. to the Continent, and 3s. 9d.@4s. to the Baltic. Through freight movements have been quite active at about previous figures; quoted by

steam from Chicago to Liverpool at from 37½@42½ per 100 lbs. though the nominal schedule quotations range higher.

The following quotations of sales of Railway and other securities are in addition to those giver elsewhere in our columns:—

Redemption of Ten-Forty Bonds.

The Treasury Department issued on the 9th inst. its ninety-seventh call for the redemption of bonds, the call being for $10,000,000 of 10-40 bonds of 1864, $3,000,000 of which are coupon and $7,000,000 registered bonds. The principal and accrued interest will be paid at the Treasury on the 9th of July next, on which date the interest will cease. The following are descriptions of the bonds:

Coupon Bonds—$50, No. 1 to No. 3,000; $100, No. 1 to No. 5,000; $500, No. 1 to No. 3,000; $1,000, No. 1 to No. 7,000, all inclusive; total coupon, $3,000,000.

Registered Bonds—$50, No. 1 to No. 200; $100, No. 1 to No. 1,000; $500, No. 1 to No. 1,000; $1,000, No. 1 to No. 3,000; $5,000, No. 1 to No. 1,600; $10,000, No. 1 to No. 1,500, all inclusive; total registered, $7,000,000; aggregate, $10,000,000.

☞ The stockholders of the Pittsburg, Virginia and Charleston railroad will take action this month on the proposition to extend their line to Brownsville, Pa.

Redemption of Five-Twenty Bonds.

The Secretary of the Treasury issued on the 3d inst. the ninety-fourth call for the redemption of 5-20 bonds of 1865—consols of 1867. The call is for $10,000,000, of which $7,000,000 are coupons and $3,000,000 registered bonds. The principal and interest will be paid at the Treasury on and after the 3d day of July next, and the interest will cease on that day. Following are description of the bonds:

Coupon bonds dated July 1, 1867, namely; $50, No. 117,001 to No. 123,000, both inclusive; $100, No. 220,001 to No. 234,000, both inclusive; $500, No. 112,001 to No. 115,000, both inclusive; $1,000, No. 203,001 to No. 213,000, both inclusive; total coupon, $7,000,000.

Registered bonds, redeemable at the pleasure of the United States after the first day of July, 1872: $5,000, No. 16,451 to No. 17,050 both inclusive. Total registered, $3,000,000. Aggregate, $10,000,000.

The Secretary of the Treasury issued on the 4th inst. the ninety-fifth call for the redemption of five twenty bonds of 1865, consols of 1867. The call is for $20,306,800. The principal and interest will be paid at the Treasury on and after the 4th day of July, and the interest will cease on that day. The following are descriptions of the bonds:

Coupon bonds dated July 1, 1867, namely: $50, No. 1 23,001 to No. 128,833, both inclusive; $500, No. 115,001 to No. 118,580, both inclusive; $100, No. 234,001 to No. 245,000, both inclusive; $1,000, No. 213,001 to No. 227,429, both inclusive.

Registered bonds redeemable at the pleasure of the United States after the 1st day of July, 1872: $50, No. 3,251 to No. 3,279, both inclusive; $100, No. 23,701 to No. 23,829, both inclusive; $500, No. 11,561 to No. 11.583, both inclusive; $1,000, No. 44,601 to No. 44,732, both inclusive; $5,000, No. 17,051 to No. 19,266, both inclusive.

The bonds outstanding and represented by the above mentioned numbers constitute the residue of those issued under the act of March 3, 1865, consols of 1867.

The Secretary of the Treasury issued on the 5th inst. the ninety-sixth call for the redemption of the 5-20 bonds of 1865, consols of 1868. The call is for $37,436,600, is dated April 4, and the principal and interest will be paid at the Treasury on and after the 4th day of July next and the interest will cease on that day. The following are the descriptions of the bonds:

Coupon bonds dated July 1, 1868, namely: $50, No. 1 to No. 15,902; $100, No. 1 to No. 36, 779; $500, No. 1 No. 13,111; $1,000, No. 1 to No. 26,455, all inclusive.

Registered bonds redeemable at the pleasure of the United States after the 1st day of July, 1873: $500, No. 1 to 2 087; $1,000, No. 1 to No. 7,088; $5,000, No. 1 to 1,816; $10,000, No. 1 to 2,613, all inclusive.

The bonds included in the above mentioned numbers constitute the entire amount outstanding of those issued under the act of March 3, 1865, known as Consols of 1868, and are the last of the United States 5-20 bonds.

Astabula and Pittsburg Railroad.

At the annual meeting of the stockholders of the Astabula and Pittsburg Railroad company, held at Astabula, Ohio, on the 1st inst., a statement was presented showing the earnings of the road for five months ending December 31, 1878, to have been $125,063 16, the expenditures $85,568 46, and the net earnings $39,494 70. The following Board of Directors was elected: Warren Packard, Henry Hubbard, H. L. Morrison, A. C. Fisk, J. J. Brooks, C. B. Wick, F. Harrington, George Roberts, William Mullins, W. S. Bissell, William Thaw, W. P. Shinn and Thomas D. Messler. The Board then elected officers for the ensuing year, as follows: Wm. P. Shinn, Pittsburgh, President; Frank Semple, Pittsburgh, Secretary and Treasurer and Register of Bonds, A. F. Hubbard, Assistant Secretary and Treasurer, with office at Ashtabula, Ohio. The following resolution was adopted:

Resolved, That the cordial thanks and gratitude of this meeting be and the same are hereby tendered to William P. Shinn and his co workers in bringing about the reorganization of this company for the same, and thereby preventing a sale of the road and saving to us our stock.

Richmond and Allegheny Railroad.

At a meeting in Richmond, Va., of the board of directors of the James River and Kanawha Canal Company and the Buchanan and Clifton Forge Railroad Company, the contract for the sale of the canal company to the Richmond and Allegheny Railroad Company, which had subsequently been examined and approved by the attorney general of the State, was confirmed. The contract had previously been accepted by the purchasing company. The Richmond and Allegheny Company now have sixty days in which to settle with the creditors of the canal company. A conference of the creditors will be held the 16th of April.

☞ In the United States Circuit Court at Milwaukee, Wis., on the 3d inst., before Judges Drummond and Dyer, a decree was entered in the case of the Farmers' Loan and Trust Company of New York against the Green Bay and Minnesota Railroad Company, whereby the road will be sold April 3, 1880. The suit was brought in 1878, for the foreclosure of the first and second mortgage bonds, which aggregate about $6,000,000. Moses Taylor, William E. Dodge, and John I. Blair, of New York, and the Lackawanna Iron and Coal Company are the principal holders of the bonds.

☞ The Lafayette, Muncie and Bloomington Railroad was sold by order of the United States Court at Lafayette, Ind., on the 3d inst. for $1,413,000, to Edward H. R. Lyman, C. R. Cummins, Daniel P. Eells and John S. Newberry, trustees. There was only one bid.

☞ The Pittsburg Southern Railroad (narrow gauge) was sold on the 3d inst. by the Sheriff of Washington County, Penn., to Hon. James H. Hopkins for $55,000. The road, which runs from Pittsburg to Washington, Penn., was completed only a few months ago.

☞ Mr. Thomas Doane, President of the Boston Society of Civil Engineers, has been appointed consulting engineer of the Northern Pacific Railroad.

The Coal Trade.

The total tonnage of anthracite coal from all the regions for the week ending March 29th, as reported by the several carrying companies, amounted to 456,841 tons, against 183,482 tons in corresponding week last year, an increase of 273,359 tons. The total amount of anthracite mined for the year is 4,825,727 tons, against 2,700,754 for the same period last year, an increase of 2,121,973 tons. The quantity of bituminous coal sent to market for the week amounted to 63,721 tons, against 60,490 tons in corresponding week last year, an increase of 3,231 tons. The total amount of bituminous mined for the year is 657,429 tons, against 549,728 tons for corresponding period last year, an increase of 107,701 tons. The total tonnage of all kinds of coal for the week is 520,562 tons, against 243,972 tons in corresponding week last year, an increase of 276,590 tons, and the total tonnage for the coal year is 5,483,156 tons, against 3,250,482 tons to same date last year, an increase of 2,232,674 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the 3d and 4th weeks of March was 216,195 tons, of which 168,525 tons were coal, and 47,670 tons coke. The total tonnage for the year thus far has been 1,217,377 tons, of which 989,300 tons were coal and 328,077 tons coke. These figures embrace all the coal carried over the road east and west. The shipments of bituminous coal from the mines of the Cumberland coal region for the week ending March 29th were 26,597 tons, and for the year to that date 239,826 tons, an increase of 56,106 tons as compared with the corresponding period of 1878. The shipments to the Baltimore and Ohio Railroad for the week were 20,110 tons, for the year 198,425 tons, an increase of 32,444 tons, as compared with 1878. The shipments to the Pennsylvania Railroad were, for the week, 3,251 tons, for the year 38,165 tons, an increase of 27,668 tons as compared with last year. The shipments by the Chesapeake and Ohio Canal for the week were 3,235 tons, being the first shipment for the season. The Reading Railroad Company reports a coal shipment for the week ending on Saturday evening last of 158,900 tons, of which 54 000 tons were sent to Port Richmond, and 40,500 tons were shipped thence. The receipts at Perth Amboy for the week ending March 20 were 27,447 tons, and the shipments 19,479 tons, leaving a stock on hand of 147,552 tons.—*Phil'a. Ledger, Apl. 7.*

Columbus and Hocking Valley Railroad.

The earnings of this road for the year ending December 31, 1878, were $871,553 16, the expenses $480,425 73, and the net earnings $391,127 43. The equipment of the road consists of 31 locomotives, 8 passenger, 1 passenger and baggage combined, 8 baggage, 100 box, 100 platform, 1,006 coal, and 17 caboose cars; besides 638 eight-wheel and 100 four-wheel coal cars owned by private operators. Total miles run, 725,074. Passengers carried, 138,372. Pounds of freight transported, 2,098,637,397. During the year 700 tons of steel rails were laid between Nelsonville and Athens, and since the first of January the balance necessary to complete the track to Athens has been purchased and laid; so that the entire main line and Straitsville branch are now laid with steel rails. Additional machinery has been purchased and placed in the shops of the company. The Monday Creek branch has been completed to Greendale, twelve miles from Nelsonville; and the remaining five miles to connect with the Straitsville branch will be constructed as soon as the business of the line will justify the necessary expenditure. The Craft's Iron Company, located at Greendale, has delayed the blowing in of its furnace on account of the continued low price of iron. It is expected that it will go into blast this spring. The continued depression and competition in business made it necessary to reduce the rates for transportation; so that with an increased tonnage—1,050,000 tons, against 900,000 tons in 1877—the increase in revenue amounts to but $35,575 05.

Manufacturing.

The Reading (Penn.) Eagle says that "orders have just been received at the Philadelphia and Reading Rolling Mill in Reading for the manufacture of about six thousand tons of rails, to be used in finishing up and relaying tracks on several Southern railroads. The rails are to be shipped to Charleston and Mobile." The same paper says: "It is possible that the Phœnix mills will control the manufacture of the iron rails for the South American Railway upon which they have a large contract, and that the Reading mill will also secure that contract. There is a strong probability that another large contract will come from one of the Pacific roads. The outlook, therefore, in the rail mill affairs, is extremely encouraging."

The Lehigh Manufacturing Company, at Stemton, have just completed 500 freight cars for the New York, Lake Erie and Western Railroad Company. They will start in upon an order for 500 more this week. 1,600 coal cars for the Central Railroad of New Jersey are now being built at these works, which employ 320 men.

The Billmeyer & Smalls Manufacturing Company, at York, are now employing 175 hands.

Pittsburg, Scranton and Troy are furnishing steel rails for the Southern Pacific Railroad.

The Easton (Penn.) Free Press says that "the iron and industrial interests of the Lehigh Valley are looking up very decidedly. At Bethlehem the iron and steel company are running at their fullest capacity, and are employing more men than they ever did. The Lehigh Shovel Works, at the same place, are running sixteen hours a day, and have orders ahead for the entire year. On Monday morning the axle and car wheel works of McKee, Fuller & Co., at Ferndale, started on double time, with large orders ahead."

The lap-welding tube mill connected with the National Tube Works, at McKeesport, has started up full handed. The fires are burning brightly in the Economy Foundery at Beavy Falls, where one hundred sets of wheels are being manufactured for the Lake Erie Railroad Company.

The Rhode Island Locomotive Works, Providence, having completed, some time since, a contract for thirty locomotive engines for the New York Elevated Railroad Company, are now engaged on another contract for twenty more engines for the same company. Within the last two weeks contracts have also been closed with the Locomotive Works for the construction of twenty-five standard surface railroad locomotive engines for the New York and New England, Detroit, Grand Haven and Milwaukee, and St. Louis, Kansas City and Northern Railroads, making in all fifty engines under contract to be built at these works.

The Erie City Iron Works recently sent a car load of boilers and engines to Mississippi.

The Passaic Rolling Mill, Paterson, N. J., has been full of work for the New York elevated railroads. It gives employment to about two hundred hands.

The Gilbert and Brush Company, of Troy, have shipped 14 railway cars, first and second class and baggage, to New Zealand, for a 3½ foot gauge road now in course of construction there.

The Baltimore and Ohio Railroad Company are building, at the Mount Clare shops, twenty-five engines of the "Mogul" pattern, for use on the grades of the Allegheny Mountains, and two hundred freight cars.

The three locomotive shops of Paterson, N. J., are all running on full time, and within the last five months they have turned out 50 new narrow-gauge freight engines for the Erie Railway.

American Coal in Europe.

A letter received in this city on the 27th ult. from Rome, Italy, says that the American locomotive which was on exhibition at Paris last year, and which has been making a tour through France, Switzerland and Italy, attracted great attention at all the places where it stopped, and then adds:

The trade in American coal is growing steadily. A negotiation is now pending with one party for 100,000 tons, and will probably be concluded. The first cargo was shipped by the Pride of the Ocean for Marseilles, and arrived in January, 1878, and the most of it was sent from there to Genoa. Since that cargo there have been twenty-one shipments, eight of them going to Genoa and the rest to Trieste, Marseilles, Cadiz, Bilboa, Bordeaux, Alexandria, Leghorn and Havre. Italy is, and probably will be, the best market. All who have tried American coal are well pleased with it, and the indications are favorable for a fine trade. The Paris exhibition did a great deal towards popularizing American products in Europe.

☞ The earnings of the Ogdensburg and Lake Champlain Railroad for the ten months ending January 31, 1879, was $436,169 96, the expenses, including interest on floating debt, $352,429 57, and the net earnings $83,740 39. The two remaining months will probably show a loss of $15,000 to $20,000, leaving a deficit of $5,000 to $10,000 to meet the interest on the bonds.

☞ A narrow gauge railroad is proposed from Zanesville, Ohio, southward down the Muskingum river to McConnellsville, some 25 miles, and eventually to Marietta, at the mouth of that river on the Ohio, some thirty miles more. The route is said to be a good one and cost of construction to be comparatively light.

☞ The Receiver of the Columbus, Springfield and Cincinnati Railroad Company has been ordered by the U. S. District Court to pay twenty per cent of the gross earnings of the road as rental for the same since June 1, 1877.

☞ The reorganization committee of the Texas Western Narrow Gauge Railway Company have distributed the new securities, and the new officials of the company are arranging for the extension of the road.

☞ A certificate of incorporation has been filed in the office of the Secretary of State of Ohio by J. W. Stephenson and others of the Richmond and Georgetown Narrow Gauge Railway Co. Capital, $250,000.

☞ The earnings of the Sixth Avenue Railroad Company for the month of March, 1879, were $54,748 89, against $75,346 13 for the month of March, 1878, a decrease of $20,597 24.

Dunkirk, Chautauqua Lake and Pittsburg Railway.

The Chautauqua Lake Railroad, which consists principally of a franchise between Mayville and Jamestown, N. Y., has been purchased by New York and Philadelphia capitalists, and an extension to Dunkirk, 10 miles, is also contemplated. The necessary papers were signed in Cleveland on the 3d inst. by Col. A. N. Martin, of Perkins, Livingston, Post & Co., on behalf of the New Yorkers, and Charles S. Hinchman on behalf of the Philadelphians. A new company is to be organized under the name of the Dunkirk, Chautauqua Lake and Pittsburg Railway Company, with a capital of $500,000, and the road is to be put in running order as soon as possible.

☞ At a special meeting of the stockholders of the Worcester and Nashua Railroad Company, held at Worcester, Mass., on the 31st ult., the modification of the least with the Nashua and Rochester Railroad was ratified. The Directors were authorized to issue bonds, not exceeding $200,000, to fund the floating debt and other indebtedness; also, to mortgage the road, equipment and franchise to secure bonds for meeting pre-existing debts and liabilities.

☞ The New York Elevated Railroad Company has begun the construction of a third track on Third avenue, between the two now in use, and extending from Harlem to Eighth street. Through trains will be run over this track, and it is expected that a saving of about ten minutes will be made in each trip. The company's car houses and repair shops in Yorkville will be ready for use in a few days.

☞ Of the twelves miles of the Pittsburg, New Castle and Lake Erie Railroad between Zelienople and Wurtemburg, five miles are said to be graded, and bridges framed ready to be put up. The trestle at Pine Creek is being pushed to completion, and trains will run through to Allegheny without change by the 1st of May.

☞ The directors of the Sutro Tunnel Company, elected on the 31st of March, are: F. F. Low, J. J. Williams, Alexander Weill, Patrick N. Mackay, John F. Miller. The officers are: President, Elliott J. Moore; Vice President, C. W. Brush; Treasurer, Lazard Freres; General Superintendent, A. Sutro; Secretary, Pelham W. Ames.

☞ The telegraph to South Africa is to be submarine from Aden to Zanzibar, thence to Delagoa Bay, and thence to Natal. The British Government has decided to accept the proposal of the Eastern Telegraph Company for laying the cable, and it is expected to be completed by November.

☞ The directors of the Pittsburg Southern Railroad Company have appointed a committee to arrange a settlement with its creditors. It is understood the directors, in order to effect a settlement, are willing to mortgage the road up to $7,500 per mile.

☞ The franchise of the Bucksport and Bangor Railroad was sold on the 26th ult. at Sheriff's sale for about $16,000. The franchise was purchased for the term of 99 years and was bid in for the interest of the bondholders by R. P. Buck and S. B. Swasey.

☞ The Pennsylvania Railroad Company have a large force of men employed on the New Castle and Lawrence branches putting down steel rails and new ties and ballasting with furnace cinder, and when completed, the line will be second to none in the State.

NEW ZEALAND STEEL RAILS.
Tenders Invited.

TO IRONMASTERS.—WANTED 100,000 TONS OF STEEL RAILS, TO BE MANUFACTURED IN NEW ZEALAND.

PUBLIC WORKS OFFICE, WELLINGTON, NEW ZEALAND, 6th November, 1878.

WRITTEN TENDERS will be RECEIVED at WELLINGTON by the Hon. the MINISTER FOR PUBLIC WORKS up to 30th September, 1879, for the supply of the whole or any portion of 100,000 TONS of STEEL RAILS, to be manufactured within the Colony from New Zealand ores. Payment will be made in cash on delivery at the works—the Government of New Zealand agreeing to pay, in addition, one-half of the cost of the conveyance to the Colony, by sea, of the workmen to be engaged in the manufacture.

Information as to the mineral resources of New Zealand, and maps indicating the various localities in which mineral deposits are situated in relation to means of transport, may be had on application to the Agent-General of New Zealand, 7, Westminster Chambers, Victoria-street, London, or to Walton W. Evans, Esq., 66½ Pine-street, New York.

As it is unlikely that intending contractors will enter into an engagement of the above nature without first satisfying themselves by personal inspection as to the position and extent of the raw material in New Zealand required for the manufacture of iron, every facility and information on this subject will be afforded on application to Dr. Hector, C. M. G., F. R. S., Director of the Geological Department, Wellington.

For the information of parties desiring to tender, it may be stated that the official returns show that there were imported into New Zealand, within the last eight years, 15,500 tons of cast iron and 93,000 tons of wrought iron, exclusive of iron for Government and other Railways, during which period 1,068 miles have been constructed and opened for traffic.

New Zealand Colonists who may have friends and correspondents connected with the iron manufacture are requested to be good enough to draw attention to this highly advantageous and profitable field for enterprise which this Colony presents to those who can bring the necessary capital and practical experience to bear upon such manufacture.

JOHN KNOWLES,
Under Secretary for Public Works.

S. J. PECK,
BANKER AND BROKER,
19 Broad St., Cor. Exchange Place,
NEW YORK.
and 15 State Street,
BOSTON.

All active Stocks carried on margin of from 3 to 5 per cent. from 10 shares upwards.

Stock Privileges costing from $5 to $500 issued near the market. These frequently pay handsome profits. Pamphlet explaining "How to deal in Stocks" sent FREE.

NOTICE. — THE NEW YORK ELEVATED RAILROAD COMPANY, TREASURER'S OFFICE, 7 BROADWAY, NEW YORK, April 2, 1879.—The Directors of this Company have this day declared a DIVIDEND OF FIVE (5) PER CENT. upon the Capital Stock of this company from the net earnings up to March 31, 1879, payable at the office of the Treasurer on and after the 1st day of May next to the shareholders of record on the 21st day of April, instant. The transfer books will be closed at three o'clock P. M. April 21st, instant, and opened on the morning of May 2d next. J. A. COWING, Treasurer.

$10 to $1000 Invested in Wall st. Stocks make fortunes every month. Book sent free explaining everything.
Address BAXTER & CO., Bankers, 17 Wall St., N. Y.

HENRY CLEWS & CO.,
Bankers and Dealers in
GOVERNMENT BONDS,
18 New Street.

Securities (in fractional or large quantities) bought and sold on commission; also carried as long as desired on 5 per cent. margin. U. S. Bonds purchased and sold at current market rates free of commission.

Advances made on approved collateral at market rates.

Deposits received subject to check at sight. Interest allowed on all daily balances.

Our office is next door to the N. Y. Stock Exchange, which admits of the execution of orders the instant they are received. The senior partner attends each session of the board, and gives this branch of business the advantage of his long experience and most watchful care. Our office is provided with four telegraph indicators for the use of customers, which record all transactions and quotations at the Exchange as soon as made, an important guide for buyers or sellers of Stocks, Bonds and Governments. Orders executed at the London and San Francisco Exchanges.

The investigation of frauds on Railway Companies a specialty.

Pork Packing in the West.

The Cincinnati Price Current publishes the thirtieth annual report of pork packing in the West. The report shows the total number of hogs packed to be 480,648, an increase of 175,202 over last year, and 680,677 increase at the same average weight as last year. The average decrease in yield of lard is 79-100 pounds per hog. Pork of all kinds made 523,568 barrels, a decrease of 199,800; tierces of lard made, 893,188, an increase of 131,996. The report of stock of meats and pork show an aggregate of 305,000,000 pounds the first week in March in the West, at seaboard, and in transit, compared with 257,000,000 pounds last year. Similar stocks of lard were 425,000 tierces, against 190,000 tierces last year. This indicates 100,000,000 pounds increase in the stock of product, or the yield of 525,600 hogs, against the increase of 975,000 in the packing, showing a reduction at the close of the winter season amounting to 450,000 of the increased number of hogs packed, in addition to the large surplus carried into the winter season from last year. This is regarded as an encouraging exhibit for the trade, in view of the understood to be lighter stocks in consuming districts and abroad.

☞ The Massachusetts Central Railroad engineers have finished their survey to the Troy and Greenfield line, which they struck about a mile and a half west of West Deerfield station. They use about 500 feet of the rejected road bed through rock cutting, which was discarded when the Tunnel line was straightened at that point. The bridge over the Deerfield river will need to be 600 feet long and 120 high, though the end abutments will rest on solid rock 40 to 50 feet above the water. The distance from the junction with the Tunnel line to Boston by the new survey is 110½ miles, or two miles shorter than by the Fitchburg route.

☞ The foundations for the eastside division of the Metropolitan Elevated Railway have been laid on one side of the street as far up town as Twenty fourth street, and work has already been begun on the foundations on the other side in Division and Allen streets. On the west side the extension along Ninth avenue and Eighty third street will soon be in working order. The iron material is arriving in large quantities, and a number of improved cars and locomotives are expected within a week.

☞ J. E. Williams of Xenia, Ohio, has been elected General Manager and Chief Engineer of the Columbus and Northwestern Railway Company. The Ohio State Journal says it is expected to begin active operations on the line immediately, and that part between West Jefferson and Mechanicsburg will be contracted for at an early date.

☞ Mr. Robert L. Harris has been selected to occupy the position of Chief Consulting Engineer in charge of the work of construction upon the Boston, Hoosac Tunnel and Western Railroad, with office at North Adams, Mass.

☞ The holders of over $800,000 of the $1,000,000 in bonds of the Worcester and Nashua Railroad, and of between $400,000 and $500,000 of the Nashua and Rochester bonds have already agreed to the reduction of interest.

Chicago and Alton Railroad.

At the annual meeting of the stockholders of the Chicago and Alton Railroad Company, held at Chicago on the 7th inst., the following gentlemen were elected directors for three years: John Crerar, of Chicago, Ill.; Lorenzo Blackstone, of Norwich, Conn., and John J. Mitchell, of St. Louis, Mo. As now constituted the Board of Directors stands as follows: T. B. Blackstone, John B. Drake, D. Willis James, term of service expires first Monday in April 1880; John F. Slater, John A. Stewart, George Strant, term of service expires first Monday in April, 1881; John Crerar, Lorenzo Blackstone, John J. Mitchell, term of service expires first Monday in April, 1882.

☞ The New Orleans Times anticipates great advantages to the commerce of that port from the completion of the railroad to Houston, which will place it in close business connection with all the important business centres of Texas.

☞ During the months of January, February and March the New York Elevated Railroad Company carried 7,539,476 passengers, and the Metropolitan Elevated Railway Company carried 3,935,623—a total of 11,475,099.

Sutro Tunnel Company, San Francisco, California.

TO MINE OWNERS.

The New York Stock Exchange has at last opened its doors to the mining interest of our country, and now allows its members to deal in mining shares. Parties who have first class mining properties, and wish to organize companies, under the laws of the State of New York, which are liberal, and find a market, would do well to communicate with

WILLIAM EUCLID YOUNG,

(Member N. Y. Stock Exchange, also N. Y. Mining Stock Exchange.)

Office 60 Broadway, N. Y.

A. G. DAY,

MANUFACTURER OF

Kerite Insulated Telegraph Wire and Cables.

FACTORY, SEYMOUR, CONN.

THE DI-ELECTRICAL PROPERTIES OF KERITE have been thoroughly tested, and its superiority over all other kinds of Insulation fully demonstrated.

ITS DURABILITY

has been demonstrated beyond question in practical use of hundreds of miles of Kerite-covered wires by the Fire Alarm and Telegraph Companies. In New York it has been largely used for the last *ten years*, under all conditions and exposures; the resistance now is as great as when first exposed.

FACTS FULLY ESTABLISHED.

Kerite is not affected by extremes of heat and cold, or by exposure to the heat or sun; endures long continued heat below 200° Fahrenheit, may be safely immersed in boiling water, is unchanged by being placed in the ground; corrosive elements in the earth do not act upon it; acids act very slowly, only to oxidise the surface; bears exposure to not strong solution of alkalies; does not suffer by injury by destructive insects of land or water, and can be stored in tropical climes without change of insulation.

PROF. MOSES G. FARMER, says: "I have used your Kerite as leading wire, more or less for four or five years. It stands abuse, changes of temperature, alternate wetting and drying better than any insulator I have tried."

EMINENT ELECTRICIANS AND PRACTICAL TELEGRAPHISTS

commend and recognize the Kerite insulation as superior to all others.

GEORGE B. PRESCOTT, Esq., Electrician of the Western Union Telegraph Company, under date of September 25, 1874. says: "In September, 1869, we placed some of your Kerite wire, unprotected by any covering whatever, in the tunnel under the river in Chicago, and have since continued its use in that exposed situation with the most gratifying results. A portion of the tunnel is very wet, and water saturated with lime constantly drips upon the wires, while in other portions they are kept alternately wet and dry. which is well known to be one of the severest tests that any insulating material of an organic nature can be subjected to; and yet after five years' exposure under the above conditions, the Kerite covering shows no signs of decay or deterioration. An insulating covering of India-rubber or gutta-percha under a like exposure, would have been destroyed in much less time."

February 1, 1877, he writes further: "This piece of Kerite wire unprotected by any covering, was in use in the tunnel under the river in Chicago, from September, 1869. until December, 1876, and shows no signs of decay or deterioration in its insulating qualities."

For Sale by all dealers in Telegraphic Materials.
